

I am a financial supporter of K-Love Ministries each month. K-Love provides me and my community with positive music. Many lives are positively changed each day by K-Love being on the air around the country. This is the only station that I listen to. The station is family friendly, which is rare in today's world. It would be a tragedy to lose K-Love. There is so little pure entertainment available to our youth and families today. I am encouraged each day by the enspiring music and testimonies heard. I ask you that you ensure that we do not lose this very valuable station! I believe that this station majorly impacts our world. Thank you.
